

NANA YAW ODOI-YEBOAH

SUMMARY

Motivated Computer Science and Engineering student specializing in telecommunications, networking, and IT systems. Contributed to improved system efficiency through technical troubleshooting and customer support during internship. Focused on delivering innovative solutions and fostering continuous learning in dynamic environments.

As a competent Technical Services Intern, gained valuable experience in troubleshooting technical issues and providing customer support. Strengths lie in problem-solving, maintaining quality standards, and developing technical solutions. Demonstrated ability to learn quickly and adapt to new technologies. Made significant contributions to improving system efficiency at previous workplace.

EXPERIENCE

Costumer Support , 01/2025 - 09/2025
