PROFESSIONAL SUMMARY

Motivated Computer Science and Engineering student with a strong interest in telecommunications, networking, and IT systems. Possesses foundational knowledge in software development, networking, and hardware systems. Eager to gain practical experience and contribute to Telecel Ghana through innovation, problem-solving, and continuous learning.

EDUCATION

Bachelor of Science in Computer Science and Engineering (In Progress)

Jan 2024 – Present

University of Mines and Technology

Senior High School (General Science)

Mar 2022 – Dec 2022

Bright Senior High School

- Final Grade: 3 A's, 5 B's (Aggregate: 10)

WORK EXPERIENCE

Shop Assistant – Family Business

- Provided excellent customer service and maintained strong client relationships
- Managed daily sales transactions and assisted with stock organisation
- Developed communication and problem-solving skills in a fast-paced environment

PROJECTS

WiFi Hotspot Billing System

Designed a system for managing internet access and billing users, demonstrating understanding of networking and system integration.

Data Analysis with Python

Performed data analysis using Python libraries to extract insights from datasets.

Embedded Systems Project (8051 Microcontroller)

Worked on microcontroller-based systems using Proteus and assembly programming.

TECHNICAL SKILLS

- Networking Fundamentals (IP addressing, basic troubleshooting)
- Basic Programming (Python)
- Web Development (HTML, CSS)
- Computer Hardware & Software Maintenance
- Microsoft Office (Word, Excel, PowerPoint)

CORE SKILLS

- Communication and Teamwork
- Problem-solving and Time Management
- Adaptability and eagerness to learn

ADDITIONAL INFORMATION

Languages: English, Twi

Interests: Telecommunications, networking, and emerging technologies
